

Create Account

Create Account 1

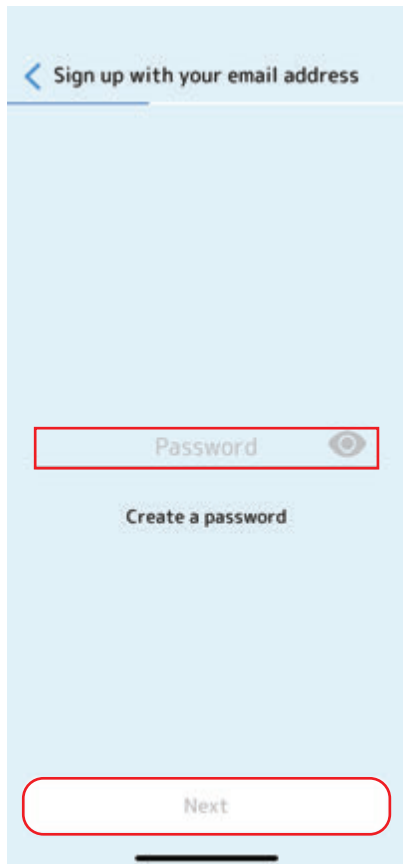

To create an account, tap “Sign up with your email address.”

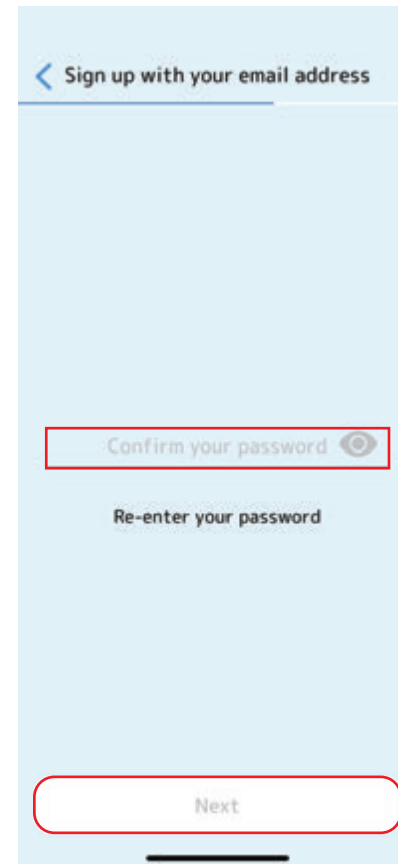

Enter your email address, then tap “Next.”

Create Account 2

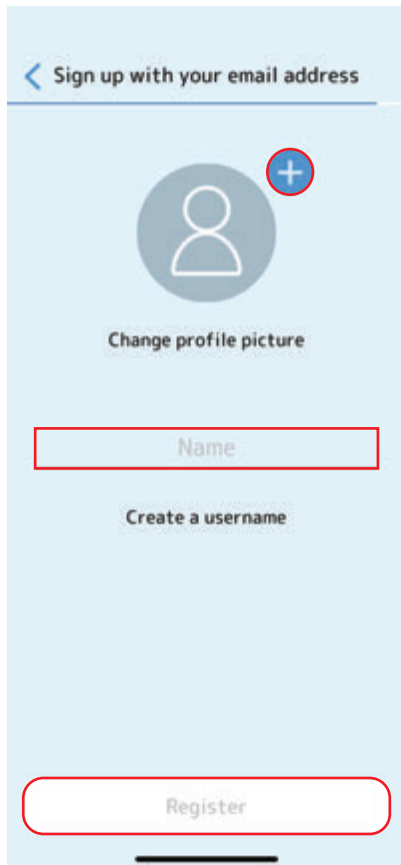

Enter your email address, then tap "Next."

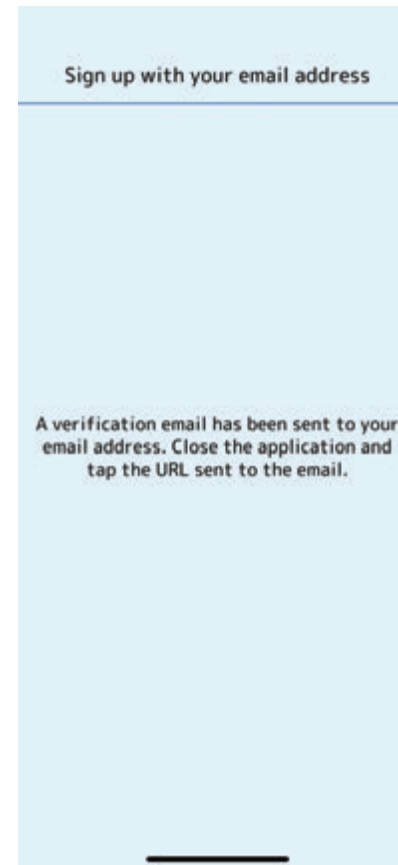

Enter your email address, then tap "Next."

Create Account 3

Enter your username (the name to be displayed on the OQTA app). You can set your profile picture here.
*You can set it at any time.
Then tap "Next."

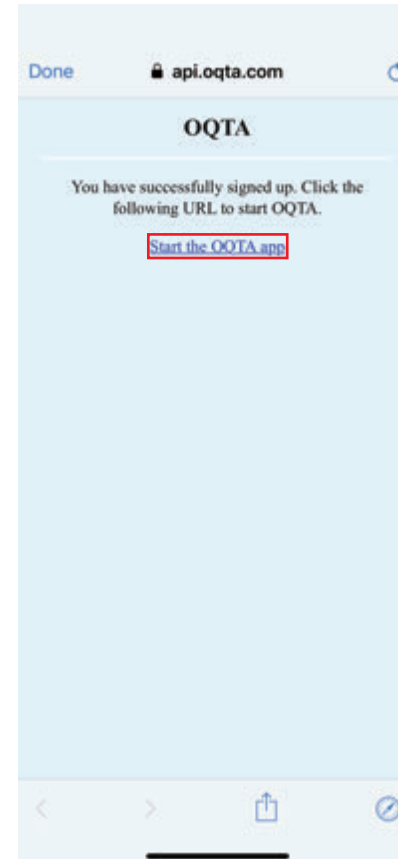

An "OQTA Registration Email" should be sent to the email address you entered. Find the email and follow the instructions in it.

Create Account 4

Tap “Click here to complete your sign up.”

Your account has been successfully created if you see the screen shown left.

Tap “Start the OQTA app.”
